

# GABRIEL CHRISTOPEL MANARIANGKUBA

## Data Engineer

Yogyakarta, Indonesia | 082227030601 | [christopelkuba@gmail.com](mailto:christopelkuba@gmail.com) | <https://www.linkedin.com/in/gabriel-christopel-766090366/>

## SUMMARY

---

Final-year Information Technology student aspiring to build a career in Data Engineering and Data Science. Passionate about developing reliable data pipelines, managing large-scale data, and extracting actionable insights to support strategic decision-making. Strong analytical and problem-solving mindset with a continuous drive to learn and apply modern data technologies.

## EXPERIENCE

---

### Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia

Head Teaching Assistant for Object-Oriented Programming (February, 2026 - Present)

- Developed structured learning modules and practical implementations using Java and Python.
- Managing and handling second year students through mentoring and guidance.
- Evaluate all student performance based on real cased projects.

### Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia

Head Teaching Assistant for Data Structures and Algorithms (August, 2025 – December, 2025)

- Managed all lab sessions for second-year IT students.
- Developed learning modules and hands-on exercises to strengthen data structures and algorithms concepts.
- Facilitated an open discussion forum to support students in understanding course materials and improving their academic performance.

### Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia

Assistant Lecturer for Basic Programming (February, 2025 – July, 2025)

- Teaching, assessing, and supporting first year IT students with programming concepts.
- Designed and developed learning modules, led hands-on coding sessions.

### Kelompok Studi Pemrograman UAJY – Yogyakarta, Indonesia

Mentor (September, 2024 – July, 2025)

- Teaching Intro to Basic Programming Course for two full semesters.
- Evaluating all members with result almost 80% student passed the course.

## ORGANIZATIONAL EXPERIENCE

---

### Blockdev Indonesia – Yogyakarta, Indonesia

Secretary for Web3 and Blockchain Workshop

- Assisted in scheduling, participant registration, and logistical preparation for workshop sessions.
- Maintained accurate records and supported the overall event management process.

### Informatics Festival – Yogyakarta, Indonesia

Secretary

- Managing administrative tasks, coordinating communication, and organizing event documentation.
- Supported planning and execution to ensure smooth and efficient event operations.
- Created report for every activity before and after events.

### Midterm & Final Exam Tutor – Yogyakarta, Indonesia

HIMAFORKA

- Two years straight help improved student preparedness through guided discussion and mentoring.
- Assisted students in understanding key concepts and help solving exam related problems.

## EDUCATION

---

### Universitas Atma Jaya Yogyakarta 2023 – 2027 (EXPECTED)

Informatics – 3.87

## PROJECTS

---

### **Students' Final Grade Predictor | (Python)**

- Developed an AI model using python to predict students' final grade based on their log activities.
- Managing end to end pipeline so lecturer and students can use it to predict and evaluate their performance.

### **POS & Dashboard System for Coffee Shop | (PHP, Javascript, React.JS, MySQL)**

- Developed POS System for SMK BOPKRI 2 Coffee Shop to streamline sales transactions and business operations.
- Implemented features for order processing, inventory monitoring, sales tracking and reporting.
- Integrating POS system with analytical dashboards to monitor sales performance and operational metrics.

### **Population Analytics Data Warehouse | (SQL Server, SSMS, PowerBI)**

- Designed a dimensional data warehouse to integrate population and civil registration data from multiple sources.
- Developed ETL pipelines for data extraction, transformation, and loading into data marts.
- Create dashboards and reports using PowerBI to support demographic analysis.

## SKILLS

---

- **Languages:** Python, Java, C, PHP, Javascript
- **Databases:** MySQL, PL/SQL, PostgreSQL, MongoDB
- **Frameworks & Libraries:** Pandas, Numpy, Spark, React
- **Core:** Data Structures and Algorithm, OOP, ETL Pipelines, Machine Learning
- **Tools:** Excel, PowerBI, Git, VS Code, SSMS

## CERTIFICATION

---

- [Data Engineer \(2026\)](#)
- [SQL Advanced \(2026\)](#)
